Samuel Huberman

Academic title(s):

Assistant Professor

Department: Chemical Engineering

Current research:

We use a combination of theory and experiment to study nanoscale energy transfer. Applications include solid state energy conversion and storage devices, such as thermoelectrics and photovoltaics.

Contact Information

Address:

Room 3060, Wong Building,
3610 University Street
Montreal, Quebec H3A 0C5

Phone: 514-398-4494
